Re-Apportionment Plan Given Okeh by Senate; Sharkey Plan Defeated

Battle by Senator from Martinez To Have San Mateo County and San Francisco Given Third Representative Voted Down by Senate

By MELVIN LORD

SACRAMENTO, Cal., Apr. 9(UP)—A Southern California legislative machine functioned perfectly tonight as both the Assembly and Congressional reapportionment measures of Senator J. W. McKinley, Los Angeles, passed the Senate with impressive majorities.

The Assembly bill passed by a vote of 33 to 4, and the Congressional measure by 33 to 4. Senators Fellom, Maloney, Treacy and Tubbs, San Francisco, and Senator Will R. Sharkey, Martinez constituted the opponents of the reapportionment proposals.

The final vote on the measures was taken only after an extended and heated debate marked by numerous clashes and joined in by virtually every member of the Senate.

The McKinley congressional bill would give Southern California 11 Congressmen, the remaining nine going to the North. Under this plan Los Angeles will get eight national representatives, San Francisco, two, and Alameda combined with Contra Costa, two.

Senator Sharkey led the unsuccessful attack against the measure with a proposed series of amendments which were voted down by the Senate, 32 to 5.

The principal changes sought in the Sharkey plan provided for only six congressmen for Los Angeles, the difference giving an additional representative to the San Joaquin Valley, and a third to San Francisco and San Mateo counties.

Sharkey also sought the inclusion of Contra Costa in the third district, its present location, as against the combination with Alameda county.

The San Francisco delegation charged that the McKinley bills were "not fair" to their districts, and by changing individual votes in each case, were able to give notice of reconsration of the final vote on the next legislative day.

This action is not expected to result in any change, however, in view of the decided stand taken by the Senate.

The Assembly redistricting plan favored by the Senate gives 30 Assemblyman to Los Angeles, nine to San Francisco, and seven to Alameda.

Senator Tubbs charged the Los Angeles delegation with "making a deal" with Orange county by giving then an extra Assemblyman in order to gain a vote for the Congressional measure. Senator McKinley denied the charge.

Further charges of "questionable arrangements" were made by the San Francisco group, particularly by Senator Fellom who quoted a letter from William J. O'Brien, chairman of the reapportionment, committee, Los Angeles Republican committee, as evidence of a plot that "smells to high heaven."

The letter, assertedly sent to "cow county legislators, urged co-operation between the rural district and Los Angeles, inasmuch as their interests "go hand in hand."

Spokesmen for the rural counties flatly denied the charges, asserting that the McKinley plan was "the best that has been offered to the Senate."

Senator Bradford S. Crittenden, Stockton, turned down the bid which would give his valley two congressmen, by stating that "the amendment is worse than the bill, and would give us more than we are entitled to."

Permits Issued Here For Four New Residences

Building Shows Increase In Redwood City During Past Week

Permits were issued during the week by City Building Inspector I. C. Drathman for four new residences in Redwood City. They were Moncriff Bros., 1136 Fay street, 5-room house, $3,000; John Parfitt 252 Johnson street, 4-room house, $1,000; Mrs. G. A. Benedict, 121 Hopkins avenue, additions to bungalow court, $4,000; R. B. Wilson, 963 Arlington road, 5-room house, $7,500.

Other permits were granted as follows: A. P. Sahlberg, 319 Cedar street, additions to dwelling, $350; W. T. Timmons, additions to garage, $100; W. Wuurm, 1325 Roosevelt avenue, tear down old buildings A. C. Argo, 20 Hudson street, porch additions, $150; Adam Andrew, 505 Brewster avenue, porch addtion, $240.

Permts for 20 residences were issued by Inspector Drathman last month.

TRIAL DATE SET

Judge Edward I. McAuliffe has fixed the date of trial for W. F. De Laite as Wednesday, April 15, at 10:30. DeLaite was arrested in Runnymede by Deputy Sheriff Leland Quinlan on a charge of indecent exposure. The arrest was made on April 3rd.

Mine Tradition Upheld in Hunt

CARBONDALE, Pa., April 5 (UP)—An old tradition of anthracite mining was sustained here recently in the recovery of the body of a mine accident victim a month after death.

The Hudson Coal Company, owners of the Powderly mine where the accident occurred, kept a double shift of men steadily employed in removing the debris from the tunnel to reach the body of the missing miner.

Exactly one month to the day after the fatal accident, in which two others were killed, the workmen recovered the body.

Anthracite producing companies spend thousands of dollars annually in upholding the tradition that has become a cardinal rule of the industry—the principle of recovering the bodies of all mine dead.

While is some cases, such clearing away of debris to reach a body has its practical as well as its sentimental basis, the companies have maintained their tradition even in cases where the wrecked section of the mine will no longer be used, according to veteran miners.

Casey, Cotton, Cheney, Capture S. M. City Council

Voters Decide For Change In Personnel of City Government

San Mateo's city council will abound in "Cs" with the election on Tuesday of Cotton, Casey and Cheney. The three were elected out of a ticket of seven candidates for the three offices. The results of Tuesday's election in San Mateo were as follows:

Long Term, 2 to Be Elected

Cotton	1,650
Casey	1,640
Poss	1,492
Keyston	1,342
Warren	102

Short Term

Cheney	1,697
Denney	1,392

The first move of the new board will probably be selection of Cotton as mayor. The second move will probably be removal of J. E. McCurdy as city attorney and appointment of Ernest Wilson of the firm of Kirkbride, Wilson, and Brooks to take his place.

The San Mateo voters also defeated a proposed bond issue of $30,000 for fire protection. The measure secured more than a majority vote, but not the necessary two-thirds. The vote on this was:

Yes	1,148
No	907

Man Asks Ride And Robs Driver

Jack Williams, truck driver for the Dandy Pie Company, was robbed Wednesday afternoon by a man whom he had given a ride from Burlingame. The man asked for a ride in Burlingame, and rode as far as San Carlos with Williams. When in San Carlos he pushed a gun against Williams and told him to hand over his receipts, amounting to about $50.

Williams notified Chief of Police Wheeler who went immediately to where the robber was said by Williams to have left his car. Nothing could be seen of the man, however. Chief Wheeler reports that he is still checking up a description given by Williams.

HITS PARKED CAR

Blinded by the lights of an approaching car, Dr. Herbert Clattenburg struck the rear end of a car parked on Broadway near Birch street. The car was parked in the shadow, and with the lights of another in his face, was not seen by the local physician. Both cars were damaged.

AIR ORPHAN, STILL HE'LL FLY

His mother, Claire Fahy; his step-father, Herbert Fahy, and his uncle, Robert Fry, pilot of the air liner which crashed and claimed his life and that of seven others, including Knute Rochne, all died in air disasters, but James Adams, Jr., 10, intends to be a flyer. He now lives with an aunt whose husband is a pilot for the Lockheed Aircraft Co. The pictures James holds are those of Fry (upper) and his mother and step-father.

Kiwanians Given Talk on Congress Reapportionment

Shift in Population Centers Causes Difficulties for Law Makers

Members of the Redwood City Kiwanis Club were given an instructive address at the regular weekly meeting of the club Wednesday noon by Guy Miller, of Palo Alto, Miller spoke on congressional reapportionment and state reapportionment. He showed by means of maps and diagrams the changes in population which have made a reapportionment of representation necessary.

Northern California, he said, is rapidly regaining its population superiority over the south. While the southern part of the state has shown a great growth durng the past decade, yet the latter part of the period has seen a great growth of the northern part of the state. Eleven counties of the north, he stated, which showed a loss in population in the census of 1920, have reversed the proces and show a substantial gain in the last census.

The chairman of the meeting was County Assessor D. P. Flynn. John Layng gave a report on the division banquet held in Oakland last Saturday night. A letter from the local Sea Scout unit thanking the club for the transportation given members of the unit to the Boat Show in San Francisco was read by A. S. Ligouri.

Miss Viola Maysenhalder addressed the club in regard to Humane Week and the local Humane Society.

Menlo Men Get Sentences Here

Five men arrested in a raid on a house near Menlo Park last Monday night and charged with being drunk and disturbing the peace, were given 30-day suspended jail sentences by Justice of the Peace Edward I McAuliffe in this city Tuesday afternoon. The men are Jack O'Neil, 45, Henry Hammer, 50, Nick Whalen, 45, David Roken, 50, and Charles Burgess, 40.

The raid was conducted by Constable F. B. Grill, who was aided by Police Chief Love and Officers Huesties and Dyer of Menlo Park.

Pedestrian Injured When Struck by Car

Mrs. Bessie Johnson, 1307 Hancock street, was injured Tuesday evening when struck by a car driven by Henry Douglass Gorham, Emerald Lake. Mrs. Johnson was crossing El Camino Real near Willow street. Gorham was driving north on the highway at the time, and stated that Mrs. Johnson stepped in front of his machine. He swerved to the left to avoid striking the woman, but the right rear fender of the car struck her, throwing her to the pavement.

The accident was investigated by Officers Fogarty and Snider of the Redwood City police department. Mrs. Johnson was sent by ambulance to the Community hospital for treatment of the injuries which she sustained.

Redwood Teams To Open Season With Palo Alto

Herm Fleishman's Outfit Will Start Season With Much Strengthened Team

Redwood City, one of the eight teams in the Peninsula Baseball League, will play its opening game next Sunday afternoon against Palo Alto on the Palo Alto Community Diamond. Herm Fleishman, manager of the locals, has strengthened his outfit with the addition of Nelson, former San Jose State League player, who will hold down second base for Redwood City. Coulter will start on the mound.

The rest of the lineup for the opening game will be as follows:

Brook, first base; Nelson, second base; Haruff, third base; Hedge, short stop; Lawler, left field; Herm, center field and Stephens, right field.

Mask Aids Butcher To End Gas Attack

Leaking Ammonia Pipe Gives Impression of Gas Bomb Raid

Scenes of war-torn France were recalled when clouds of choaking gas came rolling out of the Capitol Market on Broadway late Tuesday evening. World War vets, even began seeking shell holes. It was no enemy attack, however, but a broken amonia line in the refrigeration plant of the butcher shop. Walton Maloney, the proprietor, borrowed a gas mask from the fire department and managed to get the escaping gas turned off.

Judge Scores Divorce Evil

Divorce Action Postponed in Walkup Case; Judge Asks For Reconciliation

Judge Buck believes that a little more consideration upon the part of both husband and wife would result in fewer divorce actions reaching his court. Judge Buck's opinions on the conditions which lead to the breaking up of families were stated in his court in connection with the divorce action of Ward D. Walkup, of Atherton, against his wife, Edith D. Walkup.

"It's certainly very strange," Judge Buck said, "the way men and women change their ideas after getting married. When a man marries a woman he thinks she is an angel, then afterward if things don't go just to suit him, he thinks she's just a rag."

"Women, too, think the man they marry is going to be a great business man, and then when trouble crosses her horizon she gets a different idea, and I dare say she's right. She tells her husband he isn't so good and doesn't amount to much, and the husband should agree with her, because after all we men don't amount to much now. We've got to concede that the woman is 'it' nowadays. If he agrees with her it doesn't hurt him any and it does her a lot of good.

"I believe, after all, men should tolerate women and try to forget things that just don't please them. There would be fewer divorces in this court if men would try to be more tolerant of their wives."

Walkup filed suit for divorce from his wife in March, 1930, alleging she "weaned away the natural affection of the two eldest children from their father," and that she became "hard-boiled" and hostile toward him.

March 31 of this year Walkup filed a supplementary complaint, alleging desertion.

Mrs. Walkup filed a cross-complaint in July, 1930, denying Walkup's accusations and alleging that her husband often associated with "other women," attempted to give her a "spanking" once with a clothes brush, and often appeared intoxicated in the presence of his children.

Community property consists of Walkup's business in San Francisco and a six-acre estate at Atherton. They were married in 1911, Walkup's attorneys are Kincaid & Fitzpatrick, Redwood City, and Walter C. Webb, San Francisco. Ross & Ross, Redwood City, represent Mrs. Walkup.

The action was postponed until May 9 by Judge Buck in the hope that the couple may effect a reconciliation. The couple has been married for 19 years and have five minor children ranging in age from 3 to 15 years. The judge urged the parents to patch up their difficulties for the sake of the children.

Retired Physician Back from Trip to Philippine Islands

Dr. Shiels Finds Aguinaldo Loyal Friend to U. S.; Former Leader

General Aguinaldo, former Philippine outlaw, is now a loyal friend to the United States and a cultured, quiet leader of the community, protesting hasty Philippine independence, according to Dr. G. Franklin Shiels of 337 Hopkins avenue, Redwood City, who returned Wednesday on the N. Y. K. liner Tatsuta Maru after reviewing scenes of his part in the Spanish American War and other encounters in the Orient.

Dr. Shiels visited old friends in Manila, where he has not been for thirty years, and had a long talk with Aguinaldo. The Redwood City surgeon was decorated for galantry in the Spanish-American war, the Philippine insurrection and the World war.

Bookkeeper Given 90 Days

Perkins To Appeal Decision Of Justice Court To Superior Court

Roy F. Perkins, conviced of three counts of petty theft in the court of Judge Edward I. McAuliffe in connection with the peculation of funds from the Newman Bros. store in Woodside, where he was engaged for a year and a half as book-keeper, was sentenced yesterday. Perkins was sentenced by Judge McAuliffe to 90 days in the county jail on each of the three counts. The sentences are to run concurrently.

Perkins' attorney has signified his intention of appealing the decision of the justice court to the superior court.

Well Known S. F. Attorney To Open Offices in Redwood

W. H. Morrissey, well known attorney at law of San Francisco, will open offices in Redwood City this week, in the Doxsee building at 316 Webster street. He will be associated with Mr. John R. Tyrell with offices at 995 Market street, San Francisco. Mr. Morrissey has practiced his profession in San Francisco for the past thirty years and during that time appeared many times in the Superior Court here. For many years he was special assistant United States attorney, representing the U. S. Housing Corporation created by Congress at the request of the president of the United States.

Mr. Morrissey specializes in probate and civil matters, and has appeared in the trial of many important cases. He represented the farmers in the suit to enjoin the hydraulic miners from discharging gravel, etc., from the mines into the Yuba, Feather and Sacramento rivers—one of the most important cases ever tried in the California courts, and was successful in having the court decide the case in favor of the farmers. This practically put an end to hydraulic mining in this state.

Since 1928 Mr. Morrissey has been traveling through America and Europe, interesting himself very much in the way in which the different courts of the various countries carry out justice.

Since returning, feeling too young to retre, he has taken offices in the to retire, has taken offices in the the court house. Mr. Morrissey, from his travels, finds that all the states are over-burdened with too much law, and believes the innumerable laws and regulations that have been imposed upon the people are responsible for the present depression and lack of employment; that often justice is denied the average person for lack of means to meet the expense. In place of enacting more laws, he believes, it would be to the best interest of the people if our legislatures were to repeal about half of the existing laws. The expense of carrying out these various laws and regulations has become so burdensome that it has made business difficult by increasing the cost of the average merchant to do business, and thereby the cost to the consumer. The expense of litigation, he believes, should be reduced.

Mr. Tyrrel is assistant district attorney in San Francsco, in chargea of the grand jury, and is one of the leadng lawyers in that city. He was state senator for two terms, and is at present judge advocate for the Spanish War veterans of the state of California. Mr. Tyrrel has appeared in the trials of many cases in the superior court here and has many friends in Redwood City, San Mateo and Burlingame. He will continue at 995 Market street, San Francisco, where he has a very large practice.

Mr. Morrissey's wife is the sister of the late Joseph F. Clyne of 535 Brewster avenue, Redwood City. Both Mr. Morrissey and Mr. Tyrrel have many friends and acquaintances here, and this paper joins them in welcoming and wishing them success.

Mrs. Gavin Files Amended Petition in Fight to Gain Portion of Flood Fortune; Files Two Different Counts

Amended Petition Names Flood As Father in Either Circumstance

Mrs. Constance May Gavin, contestant of the will of the late James L. Flood, yesterday filed a second amended petition to the court as an heir of the vast Flood estate.

In the second petition Mrs. Gavin makes two counts, first that she has no personal knowledge of the time and place of her birth nor of who her parents were. She states, however, that she believes that she was born in San Francisco during the year 1893. The petition states that "for several years immediately prior thereto the said James L. Flood and the said Maria Rosina Flood were husband and wife, and the petitioner in this and belief alleges that she is the issue of said marriage and born in lawful wedlock."

A second count is entered in the amended petition in which Mrs. Gavin after reafferming that she has no personal knowledge of the time and place of her birth nor of her parents, says that it has been alleged that she is the illigitimate daughtr of James L. Flood and of Mrs. Eudora Forde Willette..

This is followed by a statement that during the month of August 1893 she was accepted in to the Flood home. This was with the knowledge and consent of Mrs. Rosina Flood. Thereafter, it is stated, Flood accepted her as his own daughter of James L. Flood and of her as a daughter, and gave her the same care and affection which a natural father would give a natural daughter.

Mrs. Gavin asks a two-ninths share of the Flood fortune. She also asks that she be granted $100,000 as a partial distribution of the estate.

Hearing on the second amended complaint has been set for Tuesday in the court of Judge George H. Buck.

Mrs. Gavin claimed in her first petition for a part of the $18,000,000 Flood estate that she was the daughter of Mrs. Rosinda Flood and of James Flood. Later when Mrs. Willette came forward and claimed that she was the mother of Mrs. Gavin, and that the father was James Flood, Mrs. Gavin amended her petition so that heirship might be claimed in either event.

Mrs. Willette in her deposition reversed her story and claims that the father was one, James Cannon, a property man in the old Grove Street theatre in San rancisco. John Taaffe, however, one of the attorneys for Mrs. Gavin, has thrown doubt on this statement, when he showed that Mrs. Willette had met Cannon after the alleged birth of her daughter, but did not recognize him.

Date Fixed For Annual Exchange Water Carnival

Delegates To Convention Of Exchange Clubs Also Chosen

A date was fixed this week for the Exchange Club's annual water carnival. This interesting event this year will take place on July 14, the second Tuesday evening in July. The date was set by the board of control of the local club at a meeting following the regular weekly meeting of the club Tuesday evening. James Eva was named chairman.

The Exchange Club was given an interesting talk Tuesday evening by the Rev. Stanley Morrison of Palo Alto. Rev. Morrison, formerly a resident of Australia, and he told many interesting facts concerning the big island. The chairman of the meeting was Kendall Towne.

The club elected its president, Edmund Scott, and Harvey Conner as delegates to the state convention of Exchange Clubs to be held in San Diego on May 20 to 23, inclusive. Dr. W. B. Langston and Al Davies were elected as alternates.

Inquest Holds Highway Death As Accidental

Death of Michael Haas In Bayshore Crash Found To Be Unavoidable

The death of Michael Haas, 64, of San Francisco, was declared to have been accidental by a coroner's jury which heard the evidence connected with the accident which caused his death on the Bayshore highway on March 29. The inquest was held in San Mateo by County Coroner J. C. McGovern. The jury declared the accident to have been unavoidable and due to the "cutting in" of an unknown car.

The Haas car was proceeding north on the Bayshore highway near San Mateo, and was struck head-on by the car driven by Long. The Long machine had skidded across the roadway, it was stated, when the driver had applied the brakes.

Riding with Haas in the car were Mrs. Haas and their daughter Mrs. Lloyd Christis. It was stated at the inquest that both ladies have been confined to the hospital since the accident as the result of injuries sustained at that time.

Nearly 100,000 Aliens Excluded in Half Year

The White House announced recently that President Hoover, in his efforts to relieve the unemployment situation has, through application of the "likely to become public charge" provision of the immigration laws, kept nearly 100,000 aliens who would have been admissible under normal business conditions out of the United States.

The announcement reads, in part:

"President Hoover, to protect American workingmen from further competition for positions by new alien immigration during the existing conditions of employment, initiated action last September looking to a material reduction in the number of aliens entering this country.

"At his request, the Department of State examined the operation of the immigration law and reported that the only important provision of the law useful in the circumstances is that one requiring the exclusion of those who are liable to become public charges. Since then consular officials, charged with the duty of issuing visas to intending immigrants, have carefully examined each applicant.

"A tabulation completed today shows that during the first five months ending Feb. 28, 1931, of the admnistration of the 'likely to become public charge' provision, approximately 96,883 aliens did not receive visas who normally would have immigrated into this country.

"Reports from American consuls assigned to 21 countries whose annual quotas total 148,466 of the total quota of 153,714 indicate that only 10,277 visas were issued during the five months' period against a possible 74,233 allowable under law, or an underissue of 86 per cent.

"Incomplete reports from the remaining 46 countries with annual quotas totaling 5,248 indicate an issue of 270 visas, a reduction of 90 per cent."

Getting Rich Safely

If you have an urge to get rich quickly by buying oil stock, suggests Ed Hodge, manager of the Business Men's Protective Association, a few things should be looked into before investing.

"The standing advice of course, is to investigate before investing," Hodge said.

"You should know the principals of the company, their previous experience and record.

"Location of the well, geological formation, acre spacing, and drainage area also are needed things to know. The number of wells on the promoter's tract, and on surrounding acreage are indications of what is in the field.

"The estimated average of recoverable production and the effect of the proration schedule also are important items.

"The price asked for units should be compared with prices quoted in the producing area, and marketability are important, as well as whether the unit offered involves joint liability of investors."

If the same advice were applied to buying mining and other forms of stock, a lot of bad buys would be averted and fake salesmen would find a diminishing profit on their time.

Walking Safely Saves Accidents

A nation-wide study of motor vehicular accidents made by casualty insurance companies reveals the interesting fact that anything that can be done to encourage pedestrains to walk carefully will do something to make the streets of the country safer.

Of a total of more than 320,000 accidents, between automobiles and pedestrians, the actions of drivers were responsible for around 50,000 of the mishaps and the pedestrian for nearly 143,000. In the remaining 127,000 accidents between cars and pedestrians the responsibility was shared jointly between the driver and the walker. More than 7,000 pedestrians met death during last year primarily because of their own fault.

Right Civic Spirit

Sometimes it is difficult to get them interested in public affairs, but once interested and given a job the modern young business man does it with speed and efficiency. Men come and go,but if the right civic spirit prevails in the community there will always be young leaders to take up the torch of progress where it has been dropped by pioneers.

Singing in the Spring

Driving through the country these spring days, one catches the old-fashioned odor of burning brush, and hears the plowman "gee-hawing" and whistling as he turns up the soil. It has been said many times the last few years that there is no money in farming. And yet one sees the farmers hard at it, and working with old-fashioned good will.

Just the other day this writer heard a conversation that constituted a very fine preachment. Some of those talking were discouraged. The matter of property values and their uncertainty was being discussed. Said a bystander: "I know how you can restore and uphold the value of your homes. Continue to love them, to keep them repaired and home-like."

That sounds like good advice. We've been quite material in our thinking in recent years. We may have lost sight of old-fashioned sentiments. Maybe that bystander was right. Maybe it is our love for our homes and the community in which we live that makes real estate values.

In recent years the farmer has had a lot to contend with. But you can take a man's money away from him and he still has his own ingenuity and talents with which to go ahead. But take his heart interest out of him and there isn't much left. For that reason we believe it a good sign to hear the farmers whistling and see plows turning soil, some of which never before seeded. It seems quite convincing proof that men still are hoping and planning and dreaming their dreams.

Recently the farmer has had a lot of people telling him how hard up he is. He's heard everything from pity to censure, but he's still plowing. He may have lost a lot of profit in the last few years, but he still has his heart interest.

Bar the Dangerous Driver

During 1930, 32,500 people were killed in automobile accidents, as compared with 31,215 in 1929, according to the Travelers Insurance Company.

During 1930, 12,6000,000,000 gallons of gasoline were consumed, as compared with 14,000,000,000 in 1929.

In other words, automobile fatalities increased over four per cent, while use of gasoline—an accurate barometer of mileage — decreased about ten per cent. The only possible conclusion is that each year the highways grow more dangerous.

This may be laid to a multitude of reasons. Car speeds are increasing, and in many instances highways are inadequate for modern, congested, fast-moving traffic. Of greater importance, there are unquestionably thousands of people now operating cars who are temperamentally or physically unfit.

In states which like California have adopted strict examination laws for drivers, licenses have been refused to an appreciable percentage of applicants. As a result, the accident rate in those states has usually gone down while incerasing in states where licenses are issued to all who wish them. The overwhelming percentage of drivers are reasonably careful and competent. The small percentage who are congenitally careless and incompetent cause our gigantic death record, and are a constant menace to lives and property of all who drive. Every state should take steps to make certain that every possessor of a driving license is reasonably fit to use public highways.

Asking for Free Space

The one thing the newspaper has to sell for profit is advertising space, as most circulation departments are operated at a loss. Yet it is odd how often people will ask that this space be donated. The only way the newspaper can get money to pay its printers is by selling its advertising space. What other industry is asked to give away its product? The situation is a relic of the days when newspapers cost little to equip or produce. In those days the printer got his pay if the money came in. But nowadays the editor has to do like other employers of labor —he simply cannot continue in business unless he is a fair business man. Experience has shown that the too generous publisher usually goes out of business. And yet the newspapers keep on donating the only thing they have to sell.

Knute Rockne

Knute Rockne's sudden death deprives American football of one of its most heroic figures. Sports authorities proclaimed him king of football coaches. He made football a better and a cleaner game. Rockne's coaching at Notre Dame aided materially in popularizing football, bringing it into prominence as a national sport in keen competition with baseball. He was more than a skillful coach. He was a sportsman-like gentleman of rare personality and an expert reader of human nature. His name stands out as one of the most prominent in football history.

Human Nature

If a stranger should drop into Redwood City and start to saying nice things about the principal men in town, the crowd would listen to him about a minute, conclude these men had him hired and contemptuously disperse. But let him get up and go to cussing them, and even their best friends will stop a minute to listen and enjoy the fun while the crowd in general will hang on his words like they were pearls and diamonds.

State Aid Helps 142 in County

Many Otherwise Needy Given Assistance Through State And County

SACRAMENTO, Cal., Apr. 9 (UP)—California provides state aid in San Mateo county to 53 aged persons, 8 blind persons, and 81 children.

The report of Miss Miley E. Pope, state director of social welfare, issued for the month of February, shows 6,676 aged persons, 1,155 blind persons and 11,673 children to be receiving state aid under the direction of her department.

The average state aid per person during February was $11.65.

Legislation providing relief for the aged in California was first adopted in 1929. Only those persons incapable of self support, with no relatives able to support them, are entitled to the benefits of the act.

The maximum allowed is $30 a month and is paid only to persons over 70 years of age with 15 years residence in the state. The money is provided one half by the county and one half by the state.

In a brief review of old age legislation Miss Pope has written:

"In 1915 when Alaska enacted a law for aid to aged pioneers in their homes, a national movement towards old age assistance was initiated. Similar laws have followed in various states, until at the present time we find 14 states with legislation for old age assistance.

"Two general types of laws have been enacted. The earlier laws left the acceptance of the project a matter of county operation, with aid paid entirely from county funds. A definite trend is now observed eoward the second type of law, a statewide mandatory system, with the state sharing the cost with the county.

"The amounts of aid given in New York state vary from three dollars to $65, according to need. California compares favorable with an average amount of aid of $23.30 per aged person.

"The aged people of California are fortunate in having a workable law, more generous in its provisions that the laws of many states, already in operation."

FALL FROM TREE HURTS FLIER

ROCKVILLE, Conn., UP)—Arthur ("Scottie") Addison, 21-year-old aviator, is recovering from injuries received when he fell from a tree. Addison, who never had a serious flying mishap, fell nearly 70 feet fro an elm while employed as a highway worker, sustaining broken ribs, concussion and internal injuries.

MENLO PARK

Sister Marie for the past year connected with Corpus Christi Monastery will depart next Monday for her old home in Detroit to rejoin the cloister there. She came to California to recover her health. Sister Marie was improved in health by the balmy air of Menlo Park and returns to her former home vigorous and strong. Sister Marie has been a member of the Dominican order for a quarter of a century. She is a lay sister and during her stay here has made many friends.

James Power, who passed away in San Francisco last Monday, organized a company of the League of the Cross Cadets in Menlo Park twenty-five years ago that continued for several years. On signing the membership roll the candidate took the pledge, agreeing not to taste intoxicating liquor until he reached his majority. Several of those who signed the pledge at that time have kept it through the years and are still temperate.

M. A. Harris, the popular mayor of Atherton, was elected a member of the Menlo Park Fire Department at the election last Monday. Mr. Harris received 127 votes. He had no opponent.

B. Larrecou, the postmaster, and Mayor Harry Weeden, were elected delegates to the grand parlor N. S. G. W. convention to be held at Monterey on May 16. D. E. O'Keefe and A. Arellanes were chosen alternates. The delegates will work for the re-election of S. M. Shortridge, Jr., as grand trustee. In this they will have the backing of the parlors of the bay counties. Menlo Parlor will attend the grand parlor in a body to aid and assist in the contest. It is conceded that Shortridge will be selected on the first ballot.

The fire department was called to the home of Thomas Harrington last Saturday morning to put out a small blaze caused by a backfire in the furnace. No damage was done.

James Hardgrave celebrated his 70th birthday on April 2. Mr. Hardgrove came to the county when he was 14 years old from San Rafael, spending his boyhood with the family of the late John Monohan, at one time supervisor of this district. Mr. Hardgrove has passed nearly all his life in Menlo Park. He likes the community and it is his hope that his bones will mingle with the fair soil of Menlo Park. Mr. Hardgrove is one of the oldest citizens of the community and knows its history well. He is still hale and hearty, having all the sturdiness of a man who may reach the one hundred mark.

Now is the time for all property owners to clean up their lots and backyards. The luxuriant growth of grass will make the fire hazard very great next summer when everything will be dry. Do the work now. Don't delay.

Mrs. J. P. Maloney, a Menlo Park pioneer who came here in the latter sixties, celebrated the 85th anniversary of her birth last Sunday in giving a dinner in honor of the occasion to her children, grandchildren and great grand-children. There were 38 in all at the table, the six grand-children having the place of honor at the head of the festive board. Mrs. Maloney came as a bride to this county, for a short tme living at Halfmoon Bay short time living at Halfmoon Bay resided ever since. Mrs. Maloney is the mother of nine children nearly all of whom are living and holding prominent positions in the state. Mrs. Maloney was very happy on this occasion and recounted the many interesting incidents happening here during her long residence. Though feeble in health she still has a keen intellect and can vividly recount many interesting stories of the past concerning Menlo Park.

Dent Macdonough and his mother returned from New York during the week. Mr. Macdonough went east recently to attend the funeral of his father, the late Joseph Macdonough, who died suddenly in New York last month. Mrs. Macdonough returned to the estate at Portola, to be away from the scene of her sorrows for a while. She may spend the summer with her son.

Constable Grill and Chief of Police Love made a raid on the Filapino jungle, near here, last Monday, capturing five of the habitues. They were taken to Redwood City, where they were gven a ten-day suspended sentence.

A branch county library was established at Atherton this week. The library is at the new city hall and Mrs. Farrell, the beautfiul and charming wife of the popular chief of police, Edward Farrell, has been appointed librarian.

Work of cleaning up Holy Cross cemetery is in full blast. Contributors to the fund sponsoring the work are urged to be generous. Remember that your relatives are there. Keep their graves green, make them attractive in appearance. They would do that for you, were things reversed, you sleeping the last sleep instead of them.

A card party will take place under the auspices of the Native Daughters next Tuesday evening in the new Masonic hall. Good prizes and good looking young women will be there to do the punching of tickets.

Mr. J. Clark, foreman of the Macdonough stock farm, departed during the week for a short trp to New York. He is expected back next June.

Charlie Palmer will continue in charge of the Shell Oil station on the highway, when the station will be transferred from the Van Fleet-Durkee concern to Shell Service.

London World's Phone Exchange

LONDON, April 9 (UP)—London, with telephonic communication with 95 per cent of the civilized countries of the world, is regarded as the world's greatest and most complete long-distance telephone exchange.

Although the British capital is low on the list of percentages of telephone subscribers when compared with populations, the city is already in telephonic communication with 32,000,000 telephone users of all races and this number will be considerably increased when plans for extensions are completed.

London is connected with some 24 countries on the European continent and in addition to making British calls to these countries is often kept busy passing calls through to them from the United States and Canada. Moscow, however, remains aloof from telephonic communication with the outside world except Berlin.

PARSON WHIPS PROWLERS

SEATTLE, (UP)—A minister and his sons proved too much for two prowlers who were ransacking the German Evangelical Zion Crurch. Irwin Huse, 34, was captured and his companion escaped after Rev. Hans Poland and his two sons surprised them and engaged in a hand-to-hand fight.

HOLLYWOOD'S FILM SHOP

HOLLYWOOD, April 9 (UP) — "Limey" Plews, a property boy at the Warner Brothers studio almost missed getting the autograph of Prof. Albert Einstein to add to his collection but the impromptu creation of Admiral Limey by John Barrymore saved the day.

This may sound rather complicated, but here is what happened:

Limey heard that Prof. and Mrs. Einstein were on the lot. He ran half a mile in the rain with his fountain pen and album—an album that the Prince of Wales and Calvin Coolidge have favored.

Prof. Einstein paused in the drizzle.

"Nein," commanded Mrs. Einstein. She handed the book and pen back to Limey and pushed her husband into his automobile.

Limey told Barrymore of the incident.

"I'll get it for you," the actor promised.

Barrymore wanted Prof. Einstein's autograph for the collection he is gathering for his young daughter. Dolores Ethel Mae Barrymore. It is a collection that promises to attain imposing proportions when she is old enough to appreciate it.

Barrymore and Prof. Einstein met socially some time later. Barrymore secured the autograph for his daughter without difficulty. He had not forgotten Limey's rebuff.

"I have an old friend," he told Prof. Einstein, "Admirable Limey of the American navy. He is a great admirer of yours—and of Mrs. Einstein's," he added gallantly. "I know he would appreciate an autograph.

The master of relativity looked to his wife for his cue. The day was won. The Herr Professor reached for his pen a second time.

"I know him so well," Barrymore mused. "He's a common old shoe and doesn't like to stand on ceremony. Just make it to Limey."

Later Barrymore explained in connection with the deceit that "Prof. Einstein, who is a dear old soul, would really rather give an autograph to someone like Limey than to any pompous Admiral."

"Anyway, we autograph collectors ought to stick together," he smiled.

Eye Research Work Bringing Fame to Nation

King of Siam To Be Examined At Wilmer Institute

BALTIMORE, Md., April 9 (UP)—Research in diseases of the eye which has put the United States in the forefront of ophthalmology, is under way at the Wilmer Institute of John Hopkins Hospital where the afflicted King Praja Dhipok of Siam soon will be examined by Dr. William Holland Wilmer preliminary to an operation in New York.

Booth Tarkington and Charles A. Lindbergh are among the distinguished patients treated by Dr. Wilmer who, during the war, was responsible for the eyesight of A. E. F. fliers.

Research to broaden the field of eye knowledge is carried on at the Institute which is the ophthalmological department of John Hopkins Hospital and the central structure of the corresponding department of John Hopkins University.

In general, research is progressing with respect to the chemistry of the eye, with radium as it is related to the eye and with specified diseases about which insufficient knowledge now is available. Chemical research especially deals with a study of the blood in relation with the eye and a hint of the direction of this work is contained in the statement that it has been thought a super abundance of calcium in the blood may have some relation to cataracts.

Cataracts are the affliction of the ing of Siam. Records of the Institute also show that large numbers of persons suffering from cataracts also have diabetes.

More adequate knowledge also is sought regarding trachoma and the specialists concede that little is known of the diseases called glaucoma. With radium the Wilmer Institute staff hopes to aid industrial workers whose eyes have been injured by flying particles. Radium is expected to hasten absorption of scar tissues and thus to restore clear vision after such injury.

Falcons Aid Glider Students

KOENIGSBERG, East Prussia, (UP)—Student pilots in the glider school at Rositten go to headquarters for tips on how to stay in the air. They have trained a number of falcons so that they can be filmed with a slow motion camera, and their movements studied in detail afterwards. Study of an eagle's flight will be made later.

Against Wheat Curtailment

HELENA, Mont., (UP)—Commissioner of Agriculture A. H. Stafford will not recommend that Montana farmers decrease wheat production this year. He explained that Montana farmers were not financially able at present to purchase other farming equipment which cultivation of other crops would entail, and that Montana soil is peculiarly adopted to wheat culture.

Scene from "Finn and Hattie," featuring Leon Errol and Mitzi Green, playing at the Fox Sequoia Theatre Saturday matinee and night shows.

Governor Will Be Present at Races

Many Fine Events Feature Racing Card to Run at Tanforan

The greatest crowd ever to gather within the gates of Tanforan is expected there April 18, when Governor James Rolph, Jr., will be the guest of the Pacific Coast Breeders Association. The day will be dedicated Governor's Day and with the chief executive will be Mrs. Rolph and his official party. They will occupy the governor's box.

Topping the finest program of racing ever offered at a single meeting will be the Governor James Rolph, Jr., handicap. In addition the assocation will donate a loving cup to be awarded the winner. Mrs. Rolph has been invited to sponsor the race and present the silver trophy. Louis Oneal, president of the breeders, will be official host of the day.

This great racing feature comes as a fitting climax to the "Twenty-five Years After" celebration, and offers the governor an opportunity to meet some of the most outstanding figures in American and Canadian turfland, who are either at the meeting with their stables as participants, or are guests of the association.

The program for this week-end features the Derby Candidates Handicap Saturday afternoon with some of the finest mounts in the country. Judging from the great attendance last week-end when the La Brea horse, Listo, ran in to win the Tanforan Spring Special by a fraction of a nose, the contest this week-end will attract even greater crowds.

Such famed mounts as Plucky Play, Alexander Pantages, Schooner and Morpheus are getting into shape for the feature this week-end, which promises to be equally as thrilling as the Listo sensation last Saturday.

Sequoia Ball Team To Meet San Jose

Coach Leonard Casanova's Sequoia Union high school varsity baseball squad will tackle the San Jose high varsity in their fourth Peninsula Athletic League tilt of the season on the Sequoia diamond this afternoon.

The Cherokees trimmed Half Moon Bay 7 to 2 two weeks ago in the final game before the vacation period and were nosed out by Jefferson in their only league defeat 8 to 6. Jefferson is the defending champ this year, having won the title last year.

If the locals defeat the San Jose squad this afternoon they will be back in first place with four other schools Palo Alto, although considered the "weak sister" of the league at the first of the season managed to take a one run victory over the Jefferson team, and therefore if the Cherokees trim San Jose all concerned will be tied for first position.

Coach Casanova has been giving the team a number of stiff workouts this past week in preparation for the league tilt this afternoon. The Cherokees had practice scrimmages with Fremont high and the University of San Francisco frosh during the past week.

Either Will Scheyer, Ed Garcia, or Leo LeRoy will be prepared to step in the pitchers box for the game this afternoon, with Cullen on the receiving end. Jim McGuire will be at first, Ed Garcia at second, Tognoli at the third plate and the veteran shortstop Frank Maloney in his regular position. George Jelich, Mannie Hoffman and either Abbott or Langbehn will be patroling the outergardens when the Cherokees clash with the Purple team from San Jose.

Ed Cullen Heads Varsity Baseball

Ed Cullen was recently elected to lead the Sequoia Union high school varsity baseball team in their league season, while Bill Byrd was selected as captain of the Sequoia 130-pound team last week.

Both players have had years of experience on other Cherokee baseball squads, Byrd captained the lightweight 110's last year and also played the previous year. Cullen played on the varsity last year. Both boys are catchers on their respective teams.

Eagles Beat Firemen In Second Ball Game

The Eagles defeated the Firemen in the second game of the Twlight League on the high school diamond Wednesday night. Owing to the lateness in getting started, only four innings were played. When the game was called on account of darkness the Eagles were leading 5 to 3.

Jack Biegle pitched for the Eagles. men and Al Bechet for the Eagles. Home runs were made by Bechet and Jordan, while Al Russell hit one for a three bagger.

The two teams lined up as follows:

Eagles—Cowan, catcher; Bechet, pitcher; 1b, Morton; 2b, Lutje; 3rd, Farrell; Stephens, ss; Johnson, lf., Jodan, cf.; Rockhold, rf.

Firemen — Zehander, catcher; Bechet, pitcher; Lodi, 1b; Plecq, 2b; Prusch, 3b; Russell, ss; "Mollie" Allain, lf; Herm, cf; Fowler, rf.

Cementers Win

In the opening of the Twlight League Monday night, the Cement company defeated the "Professors" by a score of 10 to 0. Harruff pitched for the Cementers and Dimick, Casanova and Bogie for the losers.

THREEE NATIONS IN RACE TO PERFECT NEW AUTO ENGINE

LONDON, April 9 (UP)—Three nations, Britain, Germany and the United States, are struggling desperately to be the first to produce the first light automobile fed by crude oil, it is reported here.

Experiments are being secretly conducted in many British motor car factories. Since January 1, a Diesel-engined bus, has been operating daily in secret on a route in Lancanshire. It is said to have proved the superiority of an invention which its promoters believe is destined to revolutionize motor transport.

Sequoia Swim Squad Smashes Sacramento

Defeating the Sacramento high school varsity and lightweight combined swimming teams 62 to 21 the Sequoia Union high school squads added another victory to their long string of victories this season with other high schools. The meet was held Satudlay morning in the Sacramento high pool.

The Cherokee mermen, under Coach Jim Eva, captured all but two first places during the meet. Outstanding performances for the Indians were the finishing of Goldthwaite and Eaton in first and second places in the sprint events, 50 and 100-yard free style dashes.

Tuxford capably took the place of Adams, who is injured, in the breast stroke event to take first place, closely followed by Van Housenenbrouck of Sequoia, with the exception of two events the Indians placed two men in the eligible three places.

Coach Eva was pleased with the showing made by the 12 mermen who made the trip to Sacramento and announces that the Cherokees will encounter the Stockton high paddlers in the local pool this Friday. The Stockton outfit is reputed to have a good team to replace their championship team of last year and are expected to give the strong Cherokees a battle.

Following are the summaries for the Sacramento and Sequoia dual meet last Saturday.

50-yard free style—Won by Goldthwaite (S); Eaton (S), second; Saunder (Sac), third. Time: 26.2.

50-yard free style (jr)—Won by Shearer (S); Hamilton (Sac), second; Kennedy (S), third. Time :30.

220-yard free style—Won by Martin (S); Hamilton (S), second; Worrell (S), third. Time 2:41.7.

100-yard breast stroke—Won by Tuxford (S); Van Housenbrouck (S), second; Gible (Sac), third. Time 1:30.2.

Diving—Won by Meredith (Sac); Martin (S), second; Gordon (S), third.

100-yard free style—Won by Goldthwaite (S); Eaton (S), second; Saunder (Sac). Time 1:03 flat.

100-yard free style (Jr.)—Won by Cartwright (S); Shearer (S), second; Bloomquist (Sac), third. Time 1:09.1.

50-yard back stroke—Won by Hamilton (Sac); S. Goldthwaite (S), second; no third place awarded. Time :33.3.

Medley swim—Won by Martin (S); Gordon (S), second; Nunn (Sac), third. Time :43 flat.

Relay—Won by Sequoia team composed of Kennedy, Tuxford, Worrell, Cartwright, S. Goldthwaite, J. Goldthwaite. Time 2:17.3.

Stanford Frosh To Meet Cal. Yearlings

STANFORD UNIVERSITY, Apr. 8—Doped to lose the "Little Big Meet" for the first time since 1923, Stanford's freshman track and field team takes on the California yearlings at Berkeley Friday. Coach Bill Ellington declares that his aggregation has only an outside chance to win.

The baby Bears are expected to take the first two places in both the 100 and 220. Jimmy Wilson, the Cards best bet, pulled a muscle in mid-season and has not returned to his early season form, although he may bet a third in the century. Williams, who does about 22 3-5 is the only Cardinal hope in the 220.

The Indians are conceded more chance in the 440 with Murphy, who can do 51.6, and Harwood, who has run 52.4. Burch is the best Cardinal bet in the 880, with a mark of 2:04, although deBrettville is another possibility. Azevedo has a good chance to win the mile for the young redskins as he has run 4:35. Amdahl, with a mark of 10:21 is their best two miler.

Captain Dave Packard is expected to be high point man of the meet. This big fellow runs the high hurdles in 15.6, and the lows in 25.2, high jumps 5-10, and throws the discus 135 feet. In the hurdles and high jump, Packard will be backed by Miers, who does 15.8 and 26 flat in the highs and lows, respectively. In the high jump Miers also does 5-10. Lyman with 137 feet and Buller with 128 will give Packard plenty of help in the discus.

Lyman is one of the best freshman weight prospects seen here in recent years. This big Santa Monica lad has already tossed the shot over 48 feet. Palamountain with 43 feet and Burton with 41 feet are other possibilities in the shot.

Van Dellen is the best Cardinal frosh vaulter with a mark of 12-3. Edmonds had done 11-9. Williams has a mark of 21-1 1-4 in the broad jump and King can do 20 feet 6 inches. Kantzer"s best throw in the javelin is 166 feet.

Eagles Bat Team To Start Season

To Meet Foster Lunch Club Of S. F. on Sequoia Diamond

The Redwood City Eagles baseball team will open its 1931 season on the high school diamond next Sunday afternoon against the fast Foster Lunch club of San Francisco. This is the same team the Eagles met in three contests last year, the locals winning two of the three by margins of one run.

Manager Bourquin announces that Ellworth Hatley, his star pitcher of last year, will be on the mound again when "Play Ball' is called at 2:30 next Sunday. "Brick" Allain will be at the receiving end and the rest of the infield will consist of Al Bechet at first, Wegner, a new man at second, Ray Farrell at third and Rossi, also new, at short. In the outer garden will be seen Gene Jordan in left, Sullivan in center and Rrivon in right.

Manager Bourquin has a relief pitcher Jester, who comes with a fine reputation as a slab artist. The Eagles are looking forward to a big season.

The baseball season will be opened by the Eagles in an auspicious manner. The 24-piece drum corps of South San Francisco Aerie, together with a large delegation of members from that organization, will be here for the occasion and will lead the parade through the down-town business district, starting at the Odd Fellows hall and ending at the ball park. Players on the two teams will be in the parade.

Chief of Police C. L. ("Mickey") Collins will toss the first ball and Mayor Daniel R. Stafford will endeavor to hit the spheriod, providing "Mickey" gets it anywhere near the plate. Sheriff James J. McGrath, doned in mask, chest protector and other armor, will essay to catch the offering of "Mickey". The umpire will call "Play Ball" at 2 o'clock.

Hi-Y Clubs Plan Visit to S. F. "Y"

The Palo Alto and Sequoia Hi-Y will enjoy a joint get-together at the Army and Navy Young Men's Christian Association in San Francisco this evening.

Arrangements have been made through Roy A. Hohberger, the local secretary of the Y. M. C. A. so that the boys will have the use of the gymnasium and swimming pool during the evening. A program of sport competition has been set up which will include a basketball game, swimming meet, and other competition.

The boys expect to leave before six o'clock so as to arrive in San Francisco as near 7 p. m. as possible.

Iroquois Club To Play Algonquins

The Iroquois Friendly Indians of McKinley school will play their second game of baseball against the Algonquin Friendly Indians today (Friday) at the Washington school field. In the last game the Iroquois won by two points in the last inning after the Algonquins had held the lead from the start of the game up to this point. Roy A. Hohberger, the yocal Y. M. C. A. secretary will be in charge

Girls in Role of Checker Man

DRESDEN, Tenn., (UP)—Twenty-four girls dressed in basketball uniforms were used as human checker men in a checker game staged in the school auditorium here. Four of the county's best checker players guided their moves.

HIGGINSVILLE, Mo., (UP)—Although more than 102 years of age, John W. Fletcher still is spry and scorns the use of a cane. He is the oldest inmate of the Confederate soldiers home here.

Stanford To Meet Bear Baseballers

Varsity Outfits To Meet On Stanford Campus; Frosh To Play at Cal.

STANFORD UNIVERSITY, Apr. 8—Baseball teams of Stanford and California meet here Saturday afternoon at 2:30 in the second game of their annual series. The Indians took the opening contest at Berkeley last week by a score of 3-2.

Dan Johnson, the Cardinal's sensational sophomore hurler, who held the Bears to six safeties in the first game and has been beaten but once this season, will again face Norm Horner, star California pitcher, who had never lost a contest to the redskins prior to last week. Johnson had the better of the argument in the first meeting and a bang-up pitchers' duel is expected Saturday.

Cards and Bears have each lost three games in the California Intercollegiate Baseball Association and the winner of the league will be decided in the next two contests. The Indians have not won a baseball series from the Blue and Gold for five years. In 1925, with Ernie Nevers occupying the mound, the redskins lost by the overwhelming score of 27-5 in the opening contest, only to come back and take the next two by scores of 4-3 and 8-4. Nevers won each of these games with a home run.

Six of the last ten games have been decided by one run and next Saturday's contest promises to be a thriller. Each team has several dangerous hitters and plenty of class defensively.

STANFORD UNIVERSITY, Apr. 8—Having won their first game by a 4-3 score, the Stanford freshman baseballers take on the Bear Cubs at Berkeley in the second contest of their annual series Saturday. Stan Anderson, who held the cubs in check last Saturday will again occupy the mound for the papooses.

Senior Dance

Final preparations are now being made by seniors of the Sequoia high school for the farewell senior dance tomorrow night at 8:15 in the girls' gymnasium. Under the direction of Jay McCrea, chairman of the decorating committee, the decorations will be put up this evening.

Miss Grace Cochran, Miss Mary Cowden, and Don Kaufmann, advisers of the class, are also assisting with the dance.

Sequoia Times Convention

Delegates representing the Sequoia Union high school left early yesterday morning for the University of California at Berkeley where the annual state press convention for high schools is now in session. The Sequoia Times, weekly publication at the school, has been entered in the contest again this year. At the convention last year the Times was awarded first place as the best all-round high school newspaper.

Five of the fifteen delegates who are making the trip are attending as official representatives. They are as follows: Rudy Kalenborn, edit-in-chief; Brita Seebohm, associate editor; Gene Hartney, sport editor; Gloria Grandi, feature editor, and Vera Waller, representing the advertising department. In the absence of Miss Louise Watkins, advisor of the paper, Mrs. F. S. Wooldridge, head of the English department, is making the trip with the students.

C. S. F Convention

While the journalism section of the school attends the final sessions at Berkeley, the scholarship society at Sequoia will send delegates to Palo Alto to attend the annual California Scholarship Federation meeting Saturday morning, April 11

The followng are atending as official representatives: Miss Juliane Wolters and Miss Mary Cowden, advisers; Norma Tibbetts, president of the society; Bill Towers, vice-president; and Joe Marino, secretary.

Teacher Ill

Miss Anna Neff, senior social problems instructor at the Sequoia Union high school, is not expected to return to school for some weeks until she has fully recovered from an operation which was undergone during the Easter holidays. Miss Neff is now recuperating at the Mills hospital.

In her absence, Francis Nimmo has been secured to take over the classes. Nimmo has earned his Master's degree at Stanford University and has been teaching in the East for eight years. He is a member of the Phi Beta Kappa, national scholarship fraternity.

WORLD'S SMALLEST SCHOOL

GLASGOW, (UP)—The smallest school in the world, located in the Ayrshire district and with only one pupil, has been closed for reasons of economy.

BANDIT LEADER INSTRUCTS 'CALAMITY JANE'

Emmett Dalton, last of the notorious Dalton gang, once the terror of Kansas, New Maxico and Oklahoma, recently visited the Paramount studios in Hollywood, just to glimpse the old west again as reconstructed in the motion picture sets, and stopped long enough to give Louise Dresser instructions on how to handle a six-shooter. The actress is taking the part of "Calamity Jane," famous woman gambler of the frontier, in a new Richard Arlen production.

Home-made doughnuts, rolls and apple pies may be ordered through the president, Mrs. C. M. Gleason, phone 1441-M, or Mrs. L. B. Winiger, phone Redwood 477.

Ralph Morris, son of Mr. and Mrs. R Morris, who has received his pilot's license in aviation, has entered the Boeing school in Oakland for a nine months' course in areonautics.

Day Camping Is Urged as Pastime

Gov. Roosevelt's Daughter Finds Lure in Spring Program of Scouts

If you want to enjoy the spring season thoroughly, become a day-camper, says Mrs. Curtis Dall.

Mrs. Dall, who is the daughter of Governor and Mrs. Franklin D. Roosevelt, of New York, is chairman of the committee in charge of Camp Andree, national Girl Scout camp at Briarcliff, N. Y., near which she makes her home.

"Not everyone can go to camp", Mrs. Dall says, "but everyone can spend a day in the open. To be a day-camper all one needs is a pleasant bit of countryside, the right to stay on it a few hours, clean water—and a native or acquired faculty for enjoyment."

A freshman in Girl Scouting, Mrs. Dall is amazed at the ease with which this faculty can be developed under the right direction. To most people, she holds, the countryside is just open space, through which to motor or on which to exercise, in order to get the fresh air and sunlight necessary for good health. The landscape itself is as dead to to them as if painted.

"But to the Girl Scout or to any seasoned camper", Mrs. Dall explained, "a wood is something alive. A spring wood is full of secrets about nature's processes, which can be surprised by those trained to see and hear. The first tiny bud on a tree tells that the sap is running and soon the whole forest will be in flower. The first note of a migrant heralds the return of the bird army that will soon be busy building in the branches."

The day-camper who is trained, can enjoy her woods to the full without damage to her physical comfort. For she will know what food to bring with her, how to build a fire and how to prepare a tasty meal. She will go home refreshed, not exhausted.

"If she is a Girl Scout, she will have the added advantage of jolly company", Mrs. Dall pointed out. "That is equally true for leader or girl."

At present Mrs. Dall is planning to take a leaders' training course. Like her famous mother, she is always an active worker in any organization to which she belongs.

Woman's Club Card Party Yesterday

Mrs. John Heckendorn and Mrs. Guy R. Kennedy won high honors at the afternoon card party given by the Redwood City Woman's Club at their clubhouse on Clinton street yesterday.

Mrs. J. E. Baughn and Mrs. Walter Sterling were in charge, and the tea hostesses were Mrs. John Singewald and Mrs. H. Millward, both of Atherton.

Mrs Albert Augustus Cryer is here from New York, visiting for three weeks with her brother, Mr. A. J. Fromm and Mrs. Fromm. Mrs. Cryer is the wife of Albert Augustus Cryer, prominent New York financier Upon her return to New York, she and her husband will leave for an extended visit in Europe.

Mrs. William Boos and baby daughter, Marilyn Helen, returned home Saturday from Mills memorial hospital.

Mr. and Mrs. R. J. Clarke spent Easter Sunday with friends in San Francisco. Mr. Clarke is connected with the city engineering department of Redwood City.

Aviation Babe Unsatisfactory to Flying Field

WASHINGTON, April 9 (UP)—One of the Army's air corps officers at Fairfield Air Depot, Fairfield, Ohio, recently became the father of a girl. At the office of the chief inspector there was issued the following "unsatisfactory" report signed by the chief inspector and commandant

"A girl, A. C. No. XI Xg (complete with mess kit) was received for service test at 9:44 p. m. Feb. 10, 1931, by the Fairfield Air Depot Detachment, located at the Miami Valley Hospital."

There then followed a list of "unsatisfactory features in the article as submitted."

One—"The fabris of the fuselage is wrinkled in a number of places and the finish is not standard olive drab.

Two—"The landing gear is of very light construction and it is believed that it would buckle under the stress of a hard landing.

Three—"The navigation lights are both blue and it is considered they will tend to produce considerable confusion and uncertainty to other craft.

Four—"The engine runs smoothly but does not develop sufficient power for carrying the normal load or for proper maneuverability.

Five—"Under certain flight conditions, this article emits a high pitched niose which would be detrimental to the nerves of those exposed to it for any appreciable time."

In approving the report, Major A. L. Sneed, commanding officer said the characteristics complained of "are not uncommon to all similar equipment."

FRESH AIR KIDDY CUB CO.

Dolores Rene, Seattle baby, went to the zoo one day last week and tried to get Amos 'n' Andy, diminutive bear cubs, to provide motive power for her kiddy car. Amos, on the left, seems to be telling the world that he doesn't think much of the idea, while Andy is still suffering from his old desire to lay down and rest. The two cubs are six weeks old, and were brought to the Seattle zoo by a woodsman after their mother had been killed.

Captain and Mrs. Courtenay Lewis have leased the Cussen home on Broadway. They are recent arrivals from Portland, Oregon, and are charmed with Redwood City and its climate. Captain Lewis' mother will arrive from China this month to make her home with her son and daughter-in-law. She has been residing with her daughter in the Orient.

Mrs. A. J. Fromm, Mrs. Gordon Seeley and baby, Mrs. F. S. Gregory, Mrs. D. E. Moore and Mrs. Albert Augustus Cryer, sister of Mrs. Fromm, motored to Mission San Jose yesterday and were guests of Mrs Floyd Witherly at luncheon.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute.

New S. C. Judge Will Help Here

Judge James L. Atteridge Recently Appointed To Santa Cruz

Judge Buck will be assisted for the remainder of the year in carrying on the business of his court by Judge James L. Atteridge of Santa Cruz county. Judge Atteridge has been appointed by the Judicial Council to assist Judge Buck when needed.

Judge Atteridge was recently appointed by Governor James Rolph as judge of Santa Cruz county to fill the position vacated by Judge Lucas, who resigned that position to accept a position with a large transportation concern. Judge Atteridge is from San Francisco.

WOODSIDE

Mr. and Mrs. Ettore Avenali and family returned to their home here last week but it is not to be for long. On April 14th they start for Europe to be gone till some time in August. They will visit Italy, France and England on their trip.

The first game of inter-school baseball between those ancient rivals, Portola and Woodside was played on the local diamond on Wednesday afternoon. The boys seemed to find no difficulty in finding the pitched ball and the game ended with Woodside the victor in a score of twenty-seven to nineteen.

The election held on Monday to choose a fire commissioner for the Woodside Fire District resulted in the election of Edward T. Harrison for a term of three years.

Miss Priscilla Jarvis celebrated her birthday on Monday with a party given to the members of her Girl Scout troop at the Scout headquarters.

The fire department was called out on Tuesday to quench a fire at the home of A. C. Cleveland in Woodside Glens. The fire was quickly extinguished and the damage was slight.

The Woodside Parent-Teacher Association held its regular monthly meeting on Thursday of this week, the meeting having been put over from the last week because of the Easter holidays.

The Easter services on Sunday brought to the Woodside Church the largest attendance in its history.

A. J. Zaepffel and family took a trp to Los Angeles and vicinity last week.

BERLIN, (UP)—Funds for the Stresemann memorial at Mainz have been subscribed in full and it is hoped to have the building ready for dedication by May 10, Stresemann's birthday. The memorial will be in the form of a shrine, along general lines similar to the Lincoln memorial at Washington, although much smaller.

CORN LIQUOR

Mayor E. E. Roberts of Reno, who is seeking re-election, is basing his campaign on a promise not to interfere in any manner with the free and easy administration policies which have characterized his term of office to date. Two other candidates have entered the race, but all have promised that they will make no issue of wide-open gambling, and prohibition, and Reno's segregatedred light district does not appear to be a possible issue. Roberts is famous for his oft-repeated plan of putting barrels of corn liquor at every street corner for the free consumption of all thirsty citizens.

CITY TO SAVE OLD HOSPITAL

GREEN BAY, Wis., (UP)—Restoration of the old Fort Howard hospital building, made famous during Indian wars, has been assured by action of the city council. Funds have been voted to equip the building with furniture similar to that used in the period between 1820 and 1850. Sen. John J. Blaine is seeking an appropriation from Congress to restore the old fort.

REBUILD HISTORIC CHURCH

TORGAU, (Province Saxon), (UP)—The Protestant church authorities of Prussa have appropriated funds for renovating the Schlosskirche—Palace Church—of Torgau, built in 1544 at Martin Luther's direction, as the first Protestant church in the world. The church will become a memorial to the Reformation. It had not been used for 20 years.

ROVING BOTTLE FOUND

NEW YORK, (UP)—After being empied with great care and some ceremony, a bottle tossed overboad from the Canadian Pacific liner Montclare on June 30, 1,170 miles west of Cherbourg, has just been washed ashore on the Isle of Papa Stour in the Shetlands, carrying a message signed by 30 passengers, with instructions that if picked up, it was to be sent to the member of the party who had the happy idea of prolonging the usefullness of the said bottle.

Big California Water Project Makes Headway

Development Would Cost $188,000,000—Federal Aid Sought

SACRAMENTO, Cal. April 9 (UP)—A statewide program of water development, costing $188,000,000 and greater in magnitude than the famous Boulder Canyon dam, may emerge from the present session of the California state legislature.

Ten years of expert research in which more than a million dollars has been spent, culminated in the definite plan now before the lawmakers.

Recently a state water commission went to Washington, D. C., to lay before California's engineer-president the scheme for a coordinated plan of development. They found President Hoover thoroughly in sympathy, and members of Congress willing to learn more about it.

Committee Inspection

As a result, members of the interior department sub-committee on appropriations, headed by Congressman Frank Murphy of Ohio, will visit California this summer to make an inspection of the projects for which federal aid is sought.

The main water problem in California is a shortage during the summer and fall in many sections, and all year in others. On the other hand, flood conditions and a water surplus apparently exist in certain parts of the state. So the problem is to regulate the available supply and distribute it.

The Southern San Joaquin Valley offers the best illustration of the problem confronted by the water engineers. Here is one of the most fertile and productive regions of the state is slowly going back to desert conditions because of falling water tables.

Rich Lands Endangered

Rich orange, olive, dairy and cotton lands in south Fresno, Madera, eastern Kings, north Kern and all of Tulare counties ,that have been producing crops on land values of approximately $4,000 to $6,000 an acre, face utter annihilation. According to county leaders, assessed values in the single county of Tulare have decreased $1,000,000 within the last few years, and that if nothing is done to remedy the situation, further losses of from $3,000,000 to $5,000,000 will result.

At the delta of Sacramento river the summer flow of water has dropped so low that the salty brine from the ocean has worked up the channels into the fertile farm land. Much of this country is endangered unless a fresh water supply is found.

So the plan evolved out of the 10-year study is as follows:

At a point above Redding, known as Kennett, a large storage dam is to be erected, costing $84,000,000. This dam would pay for itself out of electric power developed, and would fill many purposes.

Many Uses

First it would create a great fresh water lake, acting as a flood control project. It would produce hydro-electric power. It would release enough water in the low period months to prevent the encroachment of salt water in the delta section. And it would provide a new water supply for the farm lands of the Southern San Joaquin.

At this point enters an audacious, but practical scheme in water engineering. When this water reaches the delta—opposite the place the San Joaquin river pours into San Francisco bay — it would be picked up by a series of booster dams and pumps, similar to the famous locks of the Panama canal, and sent down the San Joaquin Valley to the thirsty orange, lemon and olive groves.

Other Projects

Several other projects are part of the great state scheme, including a fresh-water canal to furnish fresh water to the big industrial plants along the San Francisco bay, another large storage dam at Friant, on the San Joaquin river costing $15,500,000 and operating much after the plan of the Kennett dam, a $30,000,000 flood control project on the Santa Ana river in Southern California, and federal aid toward the $200,000,000 canal to transfer Boulder dam water from Colorado river to Los Angeles.

The legislative program involves a constitutional amendment permitting the state to guarantee to the federal government a return of the money and interest should Congress agree to "loan" the state federal money at three and one-half per cent interest to start the project.

WHITE SKUNK KILLED

MISSOULA, Mont., (UP)—A pure white skunk is considered to be some sort of a freak by Bitter Root Valley trappers. Recently Jack Mahoney displayed a skunk's pelt which was without a trace of coloring.

CHARLEVOIX, Mich., (UP)—Daniel Williams, 80, and his wife 86, are probably northern Michigan's oldest musicians. Williams plays the harmonica, violin, accordion and organette, while Mrs. Williams is proficient on the organ. Both were lighthouse keepers for nearly 50 years.

Cruelty Charged in Action for Divorce

Suit for divorce from Paul Corsiglia was filed in the superior court here this week by Rose Corsiglia of Daly City. In her action for divorce Mrs. Corsiglia charges her husband with being cruel and with often threatening to kill her. The couple was married in Italy in 1921. Suit for divorce was filed last November by Mrs. Corsiglia, but was later withdrawn when a reconciliation was effected.

Suit Filed Here In Auto Accident

Suit was started this week in the superior court of this county by Emilio Sironi against G. Capazo for the sum of $16,000. The suit is the result of an accident which occurred near Mayfield on March 27. Sironi was a passenger in a car driven by Capazo, and which was struck by another car whose driver was unknown. The driver of the other car was named in the suit under a "John Doe."

Reichstag Session Recorded

BERLIN, (UP)—A Berlin company has produced phonographic records of the recent stormy session in the Reichstag which ended in the secession of the National Socialists and the Nationalists. The discs are expected to become interesting historical documents.

FALLON, Nev. (UP)—Believed for years by old friends to have been virtually penniless Silverino Penales, veteran Nevada prospector who died recently, was found to have left $50,000 in cash and marketable securities. The wealth was found in a safe deposit box rented by Penales in a Fallon bank.
